Keeping the momentum up

Implementation of the 2030
Agenda in Colombia.

Lessons learned and
challenges

Claudia Vásquez Marazzani

Director of Economic, Environmental and Social Affairs
Ministry of Foreign Affairs

July, 2017

AGENDA

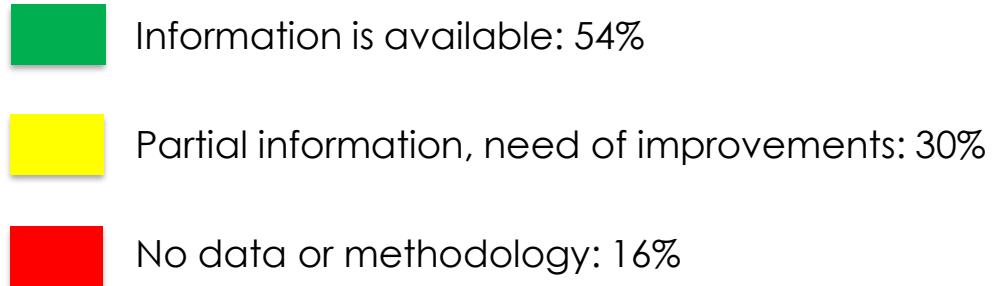

Achivements and Challenges in

1. Measuring the SDGs
2. Localizing the SDGs
3. Policy coherence
4. Implementing the multi-stakeholder approach

1. ACHIEVEMENT: NATIONAL INDICATORS

Assessment of available Information to measure 240 Global indicators

231 IAEG + 9 Sendai:

2. Definition of National Indicators

- 15 Workshops
- 60 National Entities participating
- Prioritization of indicators to include in a Policy Document (CONPES)

1. CHALLENGE: IMPROVE INFORMATION AVAILABILITY

Plan for statistical strengthening and strategies to use alternative sources

- With the support of the UN System, the Colombian Government is designing a project that seeks to generate tools to develop statistical capacities in the territories, allowing them to produce, disseminate and use information for the design and evaluation of policies and the decision making as support to reach the SDGs.
- Additionally, the UN Agencies in Colombia will support the definition or improvement of methodologies for 55 indicators.

Bigdata Pilot projects

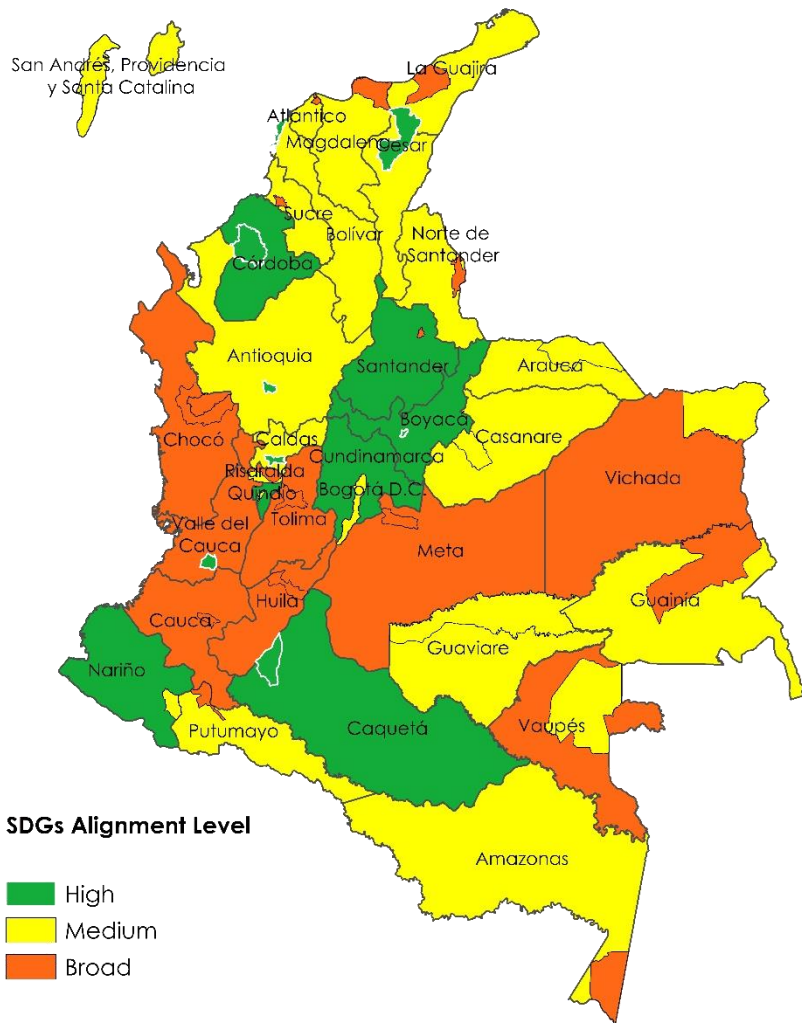

Discrimination against women and girls
Use information from social networks

Resilient and sustainable agricultural practices
Use of satellite images

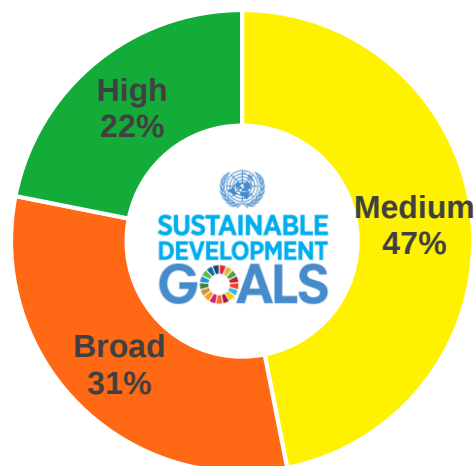

2. ACHIVEMENT: SDGs AND SUBNATIONAL DEVELOPMENT PLANS

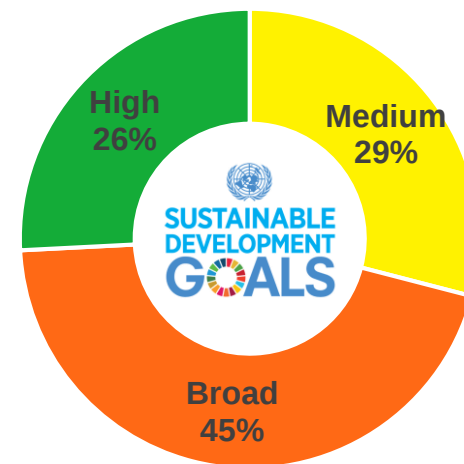

63 SUBNATIONAL DEVELOPMENT PLANS (SDPs) – 2016/2019

- **100%** of Local Development Plans included SDGs in policy framework
- **32** Regional: **high** (7), **medium** (15) and **broad** (10)
- **31** Main Cities: **high** (8), **medium** (9) and **broad** (14)
- On average, SDPs include 30% of SDG targets in which subnational governments have shared responsibility (33/110)

REGIONAL DEVELOPMENT PLANS

MAIN CITIES DEVELOPMENT PLANS

Source: NPD, 2016

2. CHALLENGE: CLOSING REGIONAL GAPS

Indicator / Region	Bogotá	Caribe	Centro Oriente	Centro Sur Amazonía	Eje cafetero	Llanos	Pacífico
Mortality rate due to malnutrition, 2014 (under 5 years)	0,3	14,7	1,7	5,4	4,4	11,9	5,2
Unsatisfied basic needs	5,4%	2,6%	3,8%	4,6%	3,6%	4,0%	7,7%
Quantitative Housing Deficit	4,5%	10,6%	8,0%	11,5%	8,2%	13,4%	12,2%

Prioritization of three SDGs per region

Caribe

Centro-Oriente y Bogotá

Llanos

Centro-Sur Amazonía

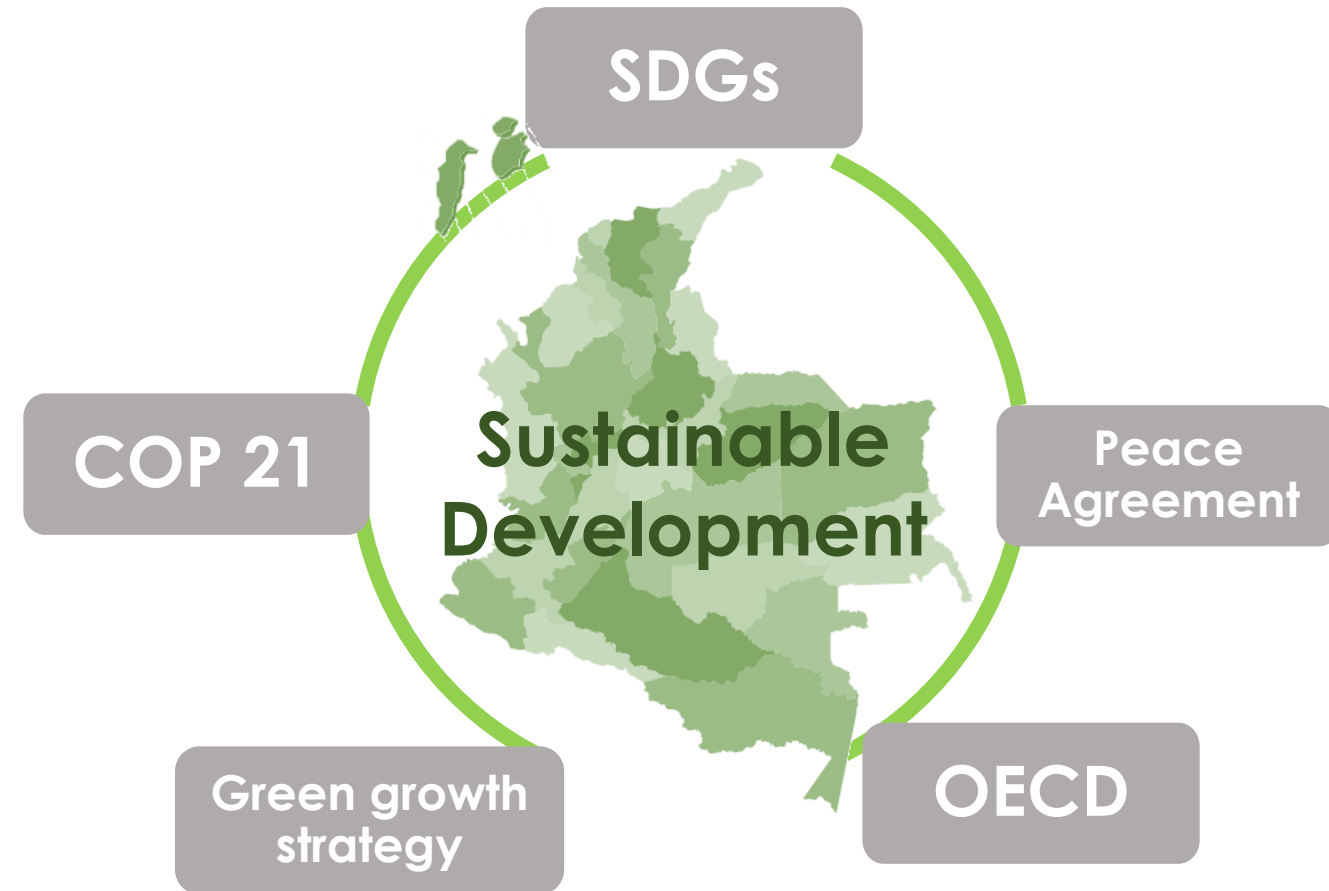

Pacífico

Eje Cafetero y Antioquia

3. ACHIVEMENT: ALIGNMENT OF SDGs AND OTHER NATIONAL AGENDAS

- Peace Agreement: 68 targets
- OECD membership: 87 targets
- COP21: 18 targets
- Green Growth Strategy: 86 targets
- National Development Plan: 92 targets

3. CHALLENGE: LONG-TERM POLICY FRAMEWORK

Four Policy Guidelines built from lessons learned during MDGs implementation:

- Monitoring and Reporting framework
- Statistics strengthening plan
- Territorializing strategies
- Participation of non-governmental stakeholders

4. ACHIVEMENT: DESIGN OF A MECHANISM FOR THE INVOLVEMENT OF NON-GOVERNMENTAL STAKEHOLDERS

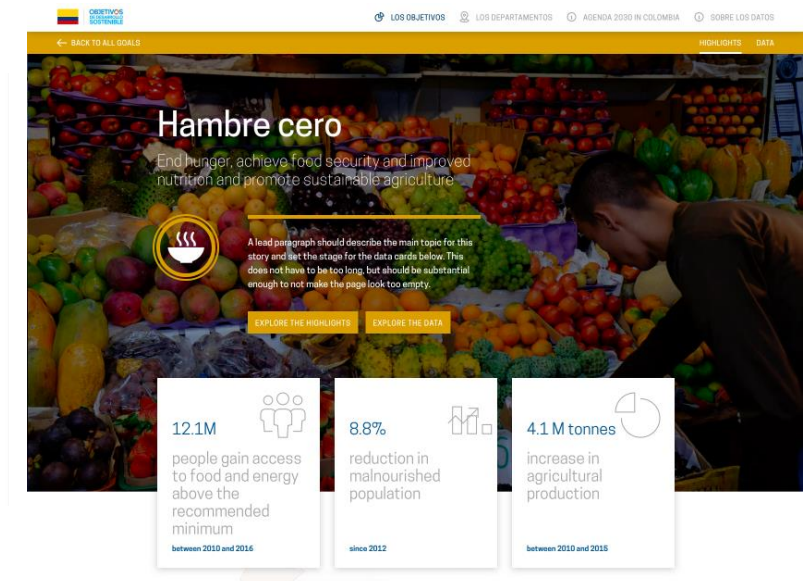

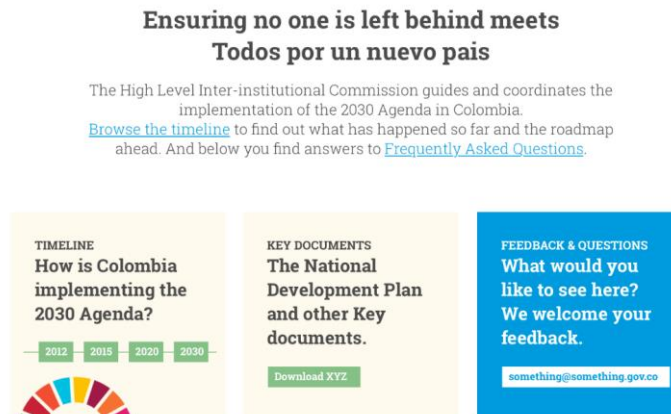

The participation of civil society will focus on the following aspects:

- **Mobilization and social appropriation of Agenda 2030 and its SDGs:** The objective is to generate ownership and mobilization of citizenship, contributing substantially to the effective implementation of the Agenda.
- **Contribute directly to the effective implementation of the SDGs:** Including the mapping of its contribution.
- **Production of information:** Civil society organizations can help fill gaps.
- **Social control:** Civil society can be involved in monitoring the achievement of defined goals.

The agenda will be thematically organized around the SDGs prioritized for the VNRs.

4. CHALLENGE: WORK TOWARDS THE PARTICIPATION OF ALL STAKEHOLDERS

- Pilot project to measure the **contribution of the private sector** to the SDGs in four cities (Bogotá, Cali, Medellín, Barranquilla) using information from sustainability reports.
- Four **regional meetings** with civil society organizations taking place the second semester of 2017.
- **Web portal:** Dashboard with information per SDG and target, including regional disaggregation, and SDGs implementation related information. With the support of the Government of Sweden.
